^{*}Release, source, and cause information is based on releases from leaking underground storage tank sites. Source and cause data were collected from release reports submitted to the department.

^{*}Tank, facility, and on-site inspection data is based on active underground storage tanks inspected during Federal Fiscal Year 2022. The on-site inspections Percent Compliance measure is based on the combined performance measure of the significant operational compliance (SOC) requirements.

^{*}Site-specific information can be reviewed by downloading and searching the Missouri Department of Natural Resources
